Catch the Wind with Your Wings is so powerful, so beautiful, it will make you catch your breath. In this magical story you will recognize the factor within yourself that was always there, waiting for your recognition. Once glimpsed you will hear your own spirit telling you as Paul told the early Christians: *“Press forward to your higher potential...”*

Catch the Wind with Your Wings A Master Formula for Personal Synergy and Success

Presentation Overview:

This is a rare and powerful story of a near impossible sequence of events leading to lasting success and joy.

It was the wise old Zulu's legend of the eagles triumph over adversity that was the inspiration and turning point in Chris Alexander's life. It was at his greatest moment of despair that the teacher arrived, and so began the 'winds of change' that lifted him up to where he belonged.

This presentation is based on three realities of success:

1. The courage to conquer fear;
2. The power of self-determination; and
3. Finding passion and purpose.

Presentation Message:

Self-determination, self-motivation, and a sense of purpose, are the keys to great and lasting success and joy.

In the business arena, this presentation relates directly to employees who want to excel and are ready to reach higher levels of achievement by finding their inner power and directing it toward clearly defined personal and organizational goals.
